

# Highly Commended Glads

C. C. VAN VOORHIS

1957

Dear Patrons and other Glad Fanciers:

The past season was one of the best I have ever had in spite of a couple of rather dry periods during the growing season and I cannot irrigate my main planting plot and was not able to plant many of the varieties as early as I should to have them for the earlier shows. However, I won Sweepstakes at Five Shows including the Open classes at the Eastern International.

My 1957 Introductions as well as those of the preceeding five years have all been highly commended by one or more Gladiolus Experts. I have introduced quite a few medium (3xx) Glads because they are becoming much more popular. They are ideal for the average garden and home for they do not require the watering, fertilizing and staking that the large ones do to produce nice spikes and they are not difficult to arrange in the home. Also the medium classes now offer the easiest chances of winning Show Ribbons.

It is my general policy to introduce new varieties at moderate prices and to keep these prices for two years. My Glads are State Inspected and are guaranteed to be healthy and true to name.

As my age (71) makes it necessary to cut down on my activities I am cutting prices somewhat in the hope that I will not have so many bulbs to plant this next season. I can afford to do this by issuing an inexpensive catalog.

EXCHANGE OFFER. I will consider offers of exchange of Ares, Canahri, Cherokee, Copper Lustre, King Size, Lorelei, Negus, Parma Violet Polar Cub, Tan-Glo, Vera; White Sails or other excellent newer varieties for mine.
